Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 11 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Occasional showers before heavier rain tonight.

Today:
The occasional bright spell this morning before cloud thickens to give a grey afternoon. Scattered showers throughout the day will be light. Feeling milder than of late. Maximum temperature 9 deg C (48 deg F).

Tonight:
Heavier outbreaks of rain will arrive from the northwest this evening alongside strengthening winds and coastal gales. Staying mild overnight. Minimum temperature 6 deg C (43 deg F).

Tuesday:
A cloudy day with any heavier rain soon turning light and winds easing. However, this light rain will persist throughout the day. Staying mild. Maximum temperature 10 deg C (50 deg F).

Outlook for Wednesday to Friday:
Heavy rain east of the region on Wednesday before widespread light rain overnight. Drier on Thursday with plenty of sunshine. Dry but cloudy on Friday.
